

## Happenings:

- The Feed The Bin school recycling project had a booth at Green Fest.
- Best Buy has started a corporate recycling program and wants to partner with KGB.
- Vann Brown, owner of Earthscapes, recently donated 450 Day Lilies to KGB and promises more in the Fall.
- Cheryl (KGB's Executive Director) recently received a grant from the state to build more multi-family recycling units and to expand Feed The Bin by 2 more schools.

## This is The First!

This is the first newsletter for Keep Greenville Beautiful. The main purpose is to let all of our new members keep up with what our board has going on to be able to get involved.

Keep Greenville Beautiful received its certification May 4, 2007. Since that time, there has been work going on to figure out what direction the board wanted to take. We finally decided that memberships

and fundraising had to come first.

We want to thank all of the people who recently joined, and we do hope that you will have an interest to help out on future projects.

Your name, plus the person whom you had your "tree" planted for, is listed on the city's website—go to departments/public works. We still have trees left so if you have friends or family that may want to join KGB feel free to pass this newsletter on.

### Memberships are:

Student—\$10; Friend—\$20; Family—\$30; Sponsor \$50

## April 25th Inside Yard Sale

### The Biggest Spender!

Beverly Barnes and her son, Trey, came early and spent close to \$100! (Tweety didn't have any money! She just wanted to go home with the Barnes!)

Board members—thanks for all the "stuff" and all of the help!

**We raised \$303.00!**
